

GOVERNORS MEETING AT FRANKFORT

Regular Presidential Beehive in the Kentucky Capital

CYNOSURE OF ALL EYES

Are Three Chief Executives of States Who Are Rated as First Class Presidential Timber.

Frankfort, Ky., Nov. 29.—Roosevelt's new nationalism was bumped in a scholarly manner by Woodrow Wilson, governor-elect of New Jersey, in an address to the Governors' meeting here today. He said:

"To put federal law back of the great corporations would have been to give them the right to dominate and override local conditions. We believe in the exercise of federal power whenever necessary for the common benefit, but we do not believe the invention of federal power either necessary or desirable."

Frankfort, Ky., Nov. 29.—The governor of Ohio said to the new governor of New Jersey:

"I'm very glad to meet you, doctor," and as they greeted each other, the hopeful Democracy of Frankfort looking on, professed to see in it a life-like tableau of the next President and next vice president shaking hands.

The brand new state house of this commonwealth where the governors of 25 states are meeting to discuss the health and needs of the nation was a regular presidential beehive today. While Judson Harmon was shaking hands with Dr. Woodrow Wilson, close by stood Marshall, the governor of Indiana, another of the hopes of the Democracy, and there were some who said at the moment Marshall shook hands with Wilson that there was being produced a more natural tableau than the first one.

Never before, as far as is known, were there three presidential aspirations gathered together thus in one spot and although such topics are to be discussed as uniform divorce laws, the conservation of human life and trees, and the short ballot, the three governors who are rated as first rate presidential timber, are easily the whole show.

Woodrow Wilson is reminiscent of the late Mr. Roosevelt in his talking days. This is the first view that the middle west has had of the presidential hope of the east. He oozes strenuous personality: he shakes hands like Roosevelt but his teeth are of the ordinary variety. He is being entertained here during the governors' conference by Rev. Mr. Ziegler, a Presbyterian, who was graduated from Princeton. Governor Harmon is living at the home of former Governor Beckham.

Governor Marshall is a guest of A. O. Martin, a prominent Democrat. Only 19 governors are missing. The rest of the chief executives of the states are here, full panoplied in silk hats and Prince Albert coats. Kentucky has supplied four ex-governors to the conference—Beckham, Bradley, McCreary and Simon Bolivar Buckner who went out of office in 1891, and is more than 80 years old.

"Several years ago," says Simon Bolivar Buckner, who ran for vice president on the gold bug Democracy.

ticket, "the doctors condemned me to death, but I came back."

McCreary, the ex-governor, also anticipated coming back as governor, he being known in Kentucky as one of the very few politicians who have demonstrated an ability to return from oblivion.

The governors will not have much to do at Frankfort but to enjoy its special brand of hospitality. One or two formal speeches of welcome are to be made, but the rest of the time here will be spent at receptions and dinners.

Wednesday morning they leave Frankfort for Louisville.

Kentuckians will be able to see who socially in the commonwealth by consulting the list of guests who have been invited to meet the governors at the luncheon to be given them by Col. Edward Taylor, the distiller of this city. This morning the governors were taken on automobile rides about the historical environs of Frankfort. Standpat governors, progressive governors, insurgent governors and Democratic governors—those present the different styles of governors that one may see here.

There is Governor Abram Pothier of Rhode Island, a loyal friend of Aldrich, and Governor Stubbs, read-head of insurgent, known as the "embodied conscience of Kansas," and Eben Draper, the defeated Republican governor of Massachusetts, and Governor E. F. Noel, hereditary Democrat of Mississippi, and Joe Brown, the recently defeated stand-pat Democratic governor of Georgia.

The Republican governors have a majority of eight in this session of the house of governors. Politics, however, does not count here.

PROHIBITION LOST IN MISSOURI

Jefferson City, Mo., Nov. 29.—Prohibition was defeated in Missouri at the recent election, according to official announcement today, by 218,125. It received 207,281 votes, with 425,406 against it and carried only 37 of 113 counties.

WESTERVILLE VOTES TO REMAIN "DRY"

Westerville, Nov. 29.—The first election on the question of the sale of liquor resulted yesterday in a vote of 472 drys to 104 wets. The election, held under the Beal law, supercedes the village ordinance under which Westerville has been dry since 1879.

MAGNATES CHARGED WITH PESSIMISM

Washington, Nov. 29.—A campaign of pessimism to support the plea of the railroads that they must raise their freight rates is what the officials here term the recent soulful utterances of James J. Hill and other railroad magnates. It is pointed out that many rate increases are pending before the interstate commerce commission, and that fear is felt in certain quarters of possible tariff changes, therefore the wail from the railroads.

BUSINESS MEN'S VIEW.

New York, Nov. 29.—That business conditions are being manipulated to manufacture sentiment in favor of railroad rate increases is the view taken by business men here who are not Wall street insiders. They laugh at the pessimism of the men connected with the street and insist that the country is all right. They say economic conditions are all right, that money rates are very liberal, and everything looks promising.

CHARGE WEALTHY RESIDENT WITH BOOTLEGGING

Oxford, O., Nov. 29.—Dr. H. M. Miller, wealthy physician, banker and druggist, was arrested this morning on an affidavit sworn to by President Benton of Miami University, charging Miller with selling liquor in violation of law. A recent poker party amongst students started an investigation which is alleged to show that they bought whiskey of Dr. Miller. The latter is a Miami graduate.

REBELS WERE VICTORIOUS.

San Juan, Nov. 29.—Reports here say rebels under Bonilla have captured several Atlantic seaports and that federal troops have been sent against them.

ROOSEVELT

Isn't Just the Proper Name for Town. So the Inhabitants Think, and They Will Change It.

Roosevelt, N. J., Nov. 29.—A solemn campaign looking to the changing of the name of this town got under way today. In 1912 the time will come to change the name of the town legally, and it is said that the majority of the inhabitants are much dissatisfied with the present cognomen. Mayor-elect Joseph A. Herrman, a Democrat, swept the town last election on the anti-Roosevelt issue. His administration is pledged to assist in changing the town's name.

LEBLANC TRIAL AT CAMBRIDGE

Hundreds Crowd Court Room to Listen to the Arguments

FRENCH CANADIAN GIRL

Aged 17 on Trial Charged With the Murder of Wealthy Laundryman.

Cambridge, Mass., Nov. 29.—When the dismal court room in the East Cambridge court house was thrown open today for the second day of the trial of Hattie Leblanc for the murder of Clarence F. Glover, hundreds of spectators crowded into the available seats to hear the argument between attorneys on what may be the most crucial point of the trial. This was whether the district attorney should be allowed to make any reference to Glover's alleged dying statement "Hattie Leblanc shot me."

Attorney Johnson for the little 17-year old French-Canadian girl, who was brought from her home in West Arichat, Cape Breton, by the murdered man's wife, and made a favored servant in their home argued that these reported words did not constitute a dying statement and hence should not be referred to by the district attorney as such. On the decision of Judge Daniel Webster Bond, therefore, who is presiding at the trial, hangs the introduction of the alleged statement.

The issue was raised at the close of the first day's session of the trial. According to testimony at the Glover will hearing, after Glover, wounded by the two bullets and suffering internal hemorrhage, had crawled to the door of Dr. Couzen's hospital in Waltham from the laundry, where he had been shot and had been placed in bed, he said that Hattie Leblanc had shot him at the laundry and he did not know why she had done it. Attorney Johnson argued that the district attorney should not be permitted in his opening statement to outline any evidence which might be deemed incompetent when offered.

Instead of being convinced that he was at the point of death, Johnson held that Glover believed he would recover, not understanding the serious character of his injuries.

SCHENK TO BE MOVED

Wheeling, W. Va., Nov. 29.—John O. Schenk, millionaire packer, whose wife is to be tried on the charge of attempting to poison him, will be removed from the hospital to the residence of his sister, Mrs. Mary Doeppkin, during the next two or three days. Attorneys for Mrs. Schenk said today no attempt would be made to obtain her release on bail.

NEW PRESIDENT OF BRAZIL FORCED TO YIELD TO NAVY'S DEMANDS WHEN BACKED BY REAL MUTINY

President Fonseca.

President Fonseca, just inaugurated president of Brazil, has been forced to yield in the first crisis of his administration. He has granted demands of the seamen in his navy for better conditions and better pay, following the siege of Rio Janeiro itself by the fleet, manned by mutineers. The sailors killed several

officers, put others ashore and imprisoned others, then began shelling the city. Two children were killed by shells. The government was unable to capture the powerful revolt and killed their captain.

DREXEL DID NOT BREAK ALTITUDE RECORD IN HIS FLIGHT AT PHILADELPHIA

New York, Nov. 29.—It is believed in aviation circles today that J. Armstrong Drexel, the millionaire flyer, will make another and more determined effort within a short time to establish a new world's altitude record, his Philadelphia flight having fallen short of the mark, according to official calculation. Drexel's friends are keenly disappointed over the result.

When Drexel descended from his wonderful flight in Philadelphia last week, an examination of his barograph showed that he had ascended

9,976 feet, a new world's record. A corrected examination of the barograph, made by the mechanical instrument maker, shows that the instrument was out of order and that Drexel's real altitude was only 9,450 feet.

The record, therefore, is still held by the late Ralph Johnstone, who on the last day of the Belmont Park meeting, ascended 9,714 feet in a "baby Wright" machine. Up to that time the world's mark was 9,186 feet, held by Wynmalen. Drexel's record exceeds that of Wynmalen, so that both first and second honors are held in America.

YOUTH

Macquarling 24, Girl Captured With Woman Twice His Age at Buffalo.

Buffalo, N. Y., Nov. 29.—A woman giving the name of Mrs. Marie DeLone of Youngstown, O., aged 36 and a youth of 19, who says his name is Edward Ferni, are held by the local police. When arrested the boy wore women's clothes. He says he was a violinist in his uncle's orchestra in Utica, but was allowed little personal freedom, so wore the woman's clothes to make easy getaway. The woman admits having a husband and family in Youngstown.

The Utica police have wired the local police to arrest a youth named Angelo Perdonand, and it is thought Ferni is that person.

FRANK TAGGART FOR FEDERAL JUDGE

Waukegan, O., Nov. 29.—Republican supporters of Circuit Judge Frank Taggart of this city are urging him to become a candidate to succeed the late Federal Judge R. W. Taylor of Cleveland. Judge Taggart was defeated for reelection as A. W. Shields of Canton.

Secretary of War Dickinson Makes Engineers' Estimates Public

"PORK BARREL" KNELL

Sounded at Insistence of President Taft—Ohio's Share.

Washington, Nov. 29.—Appropriations needed for river and harbor work for the fiscal year ending June 30, 1912, aggregate \$30,095,698, according to estimates made public by Secretary of War Dickinson in the form of a report made to him by Brigadier General W. H. Bixby, chief of engineers of the United States army. These figures will be sent to congress by Secretary of the Treasury MacVeagh, and legislation in accordance therewith will be recommended by President Taft in his annual message. The estimates are divided as follows:

Under continuing contracts, \$7,268,077.

Rivers and harbors (general) including Mississippi river commission, and examinations, surveys and contingencies, \$22,627,361.

Under California Debris Commission (expenses), \$15,000.

Prevention of deposits in New York harbor, \$83,260.

Many pet projects calling for the expenditure of large sums have been omitted from the estimates this year. Among these are the 14-foot channel from Chicago to the Illinois river, deep channel for the Missouri river from St. Louis to Kansas City and from Kansas City north, as well as many others which have had for their champions members of both houses of congress, who insisted strenuously that these projects be not forgotten.

The elimination of many of the improvements which have formed parts of river and harbor bills in the past is in accordance with the insistence of President Taft that "pork barrel" measures shall be strangled. Instructions were given to the engineer officers of the army to prepare estimates only for such projects as are absolutely needed or which give certain promise to reduce the cost of transportation by opening up new water routes and enlarging some of those already existing.

The general estimates, aggregating more than \$22,000,000, are applied to 211 works. Of this amount about 10 per cent is for the restoration or maintenance of completed projects at 136 localities, so as to secure the continuance of benefits resulting from past expenditures. Practically 70 per cent is for the prosecution of work on the Ohio, Mississippi, Delaware, Hudson, Delaware and Columbia rivers, and at 11 important harbors. The remaining 28 per cent is for the prosecution and completion of 82 other works.

General Bixby says in his report that liberal appropriations are considered proper and desirable for snagging and other work necessary to make natural channels available wherever water-borne commerce exists or is reasonably prospective. Improvements adopted by congress and not provided for in the estimates have been omitted either on account of insufficiency of funds now available or of relative importance, or on account of defective projects which were adopted many years ago and are in need of re-examination with a view to a revision or abandonment. Included in the total of \$22,627,361, which the chief of engineers believes to be necessary for expenditures during the year ending June 30, 1912, is a lump sum of \$400,000 for examination, survey and contingencies for which there may be no special appropriation.

The following estimates were made for the Ohio river:

For maintenance of channel, \$229,000; improving below Pittsburg by the construction of locks and dams to secure a navigable depth at nine feet to complete the improvement within 12 years, \$2,000,000; Cincinnati harbor \$160,000; Lorain harbor, \$50,000; Toledo harbor, \$75,000.

TOLSTOI'S COACHMAN SUICIDES

Brian, Nov. 29.—Dispatches here today say the coachman of the late Count Tolstoi committed suicide on the grave of his master today. He has left a note that he was partially responsible for Tolstoi's death having aided him in his flight from home. Early today he went to Povera Oak, opened the veins of his wrist and bled to death.

SOCIETY

Mr. and Mrs. Edward Keimath and Mr. and Mrs. W. H. Vincent of Summit street, spent Sunday at the beautiful country home of Mr. and Mrs. Harry Smith of Bowora, it being the birthday anniversary of Mrs. Smith. At noon a sumptuous turkey dinner was served. All present voted Mr. and Mrs. Smith royal entertainers.

The engagement of Mr. Fred A. Lewis to Miss Mae Columbia Landis, both of Columbus, has been announced. The wedding will be an event of early June. Miss Landis formerly resided in this city where she was very popular and has many friends. Mr. Lewis is a successful young business man of the Capital City.

Mr. and Mrs. Jack McCormick, at their home on West Steubenville avenue, were agreeably surprised when about thirty of their neighbors and friends came in to bid them farewell before they leave for their new home. The affair was a Dutch party and a pleasant evening was spent in social conversation and cards. During the evening music was furnished by a four piece orchestra. Mr. McCormick has received a promotion on the B. & O. railroad and they will leave next Wednesday morning for their new home in Newark.—Cambridge Jeffersonian.

HEART and HOME TALKS by Barbara Boyd

The Value of Christmas Plans.

THE last few days before Christmas every year sees a wild mob of excited, frenzied women rushing frantically from store to store making last-minute and wholly unsatisfactory purchases. Every year Christmas Day finds hundreds of women prostrated in body and disappointed in mind. Yet not one of these deliberately intends so unfortunate a finish. If they absolutely knew on the first of December that such would be the outcome of their Christmas preparations they would be horrified. Yet they go placidly forward to this very catastrophe and then bewail bitterly that it has come upon them.

For the woman who makes no plans whatever, who has no definite line of action, is almost sure to come to this disastrous end in her Christmas preparations. Now and then a woman may be lucky; here and there may be a woman with but a few gifts to buy and little else to do. But these conditions do not fit the average woman and she had better not trust to chance. If she wants things to go well with her she must take thought for the matter beforehand.

The Christmas celebration nowadays with all its complexities and ramifications should be planned as carefully as a general plan for a campaign. Time should be taken when one will not be interrupted to go leisurely over the whole situation. Not only should the question of gifts be studied, but the details of the home celebration should be carefully thought out; even the matter of dress, if social affairs are on the carpet, should be considered. Every phase of the matter should be taken up separately and thought out in detail. Every point should be mentally run down to its finish.

It is well to jot down on paper the

campaign mapped out. One can see more clearly and much farther when things are down in black and white. She can plan more systematically. It is useless to burden the memory when a scrap of paper and a pencil can relieve it. And with the best memory in the world in the hurry and confusion of the hundred and one things to be done for Christmas little things are sure to be forgotten. One will come home from a shopping to discover she has forgotten something that could have been attended to right in the neighborhood where she has been. This means another trip there, a going over the same ground again, Christmas time and energy are too precious for this. All this careful planning may seem useless to the woman who has never done it. But she will find that it pays. Christmas times are not ordinary times. All sorts of mishaps occur. Things happen which would make little difference at other seasons, but which are momentous now. When these happen, and they are sure to, a woman without well-defined plans loses her head. She begins to fear she isn't going to get done. And then she joins the frantic mob and her state grows worse from day to day. But if her course is mapped out, no matter what happens, she knows exactly where she is. She doesn't lose her poise. She may have to hurry a little more than she intended, but her maps and charts are there to tell her exactly what to do. The important matter of thinking does not have to be done now—a rush.

And it is the thought back of the Christmas celebration that counts, the thought that goes into the gifts. And here the value of planning tells.

Lamb's Liver in Brown Sauce—Cut one good sized lamb's liver into half inch slices, then into cubes. Cut one-half of a pound of salt pork into thin slices, then into strips, and fry out slowly in a deep frying pan. When done add the prepared liver and cook very slowly for half an hour, turning frequently. Pour off a portion of the fat (if too much) leaving about three tablespoonsful in the pan. Add sufficient flour to absorb the fat and stir until browned. Add slowly one pint and a half of hot water, stirring until thick and smooth. Season with one tablespoonful of Worcestershire and salt and pepper to taste, simmer for five minutes longer and serve very hot.

Almond Croquettes—Scald one pint of milk, beat well together the yolks of three eggs, one-quarter of a cupful of cold milk, a pinch of salt, one tablespoonful of flour, two scant tablespoonfuls of cornstarch and one-half of a cupful of sugar. Dilute this with the hot milk, return to the double

boiler and cook for fifteen minutes, stirring until very thick and smooth. Add one-half of a cupful of finely chopped almonds, one teaspoonful of butter and ten drops of almond extract, stir for a moment and pour out into a well greased pan. When cold and firm, turn on a well crumbed board and cut the cream into squares. Dip each piece in slightly beaten egg and roll in crumbs, let stand for ten minutes, then repeat the eggging and crumbing. Immerse in smoking-hot fat until golden brown, drain on unglazed paper, dust with powdered sugar, lay a tiny spoonful of currant jelly on each one and serve at once.

A FREE PIANO

Who got it, does any one know? Of course not, no one got it. It was only a fake in order to deceive innocent people. You remember a short time ago a certain agent advertised a free piano, and all they got was a 16 cent pocket book and a two cent box of blocks. Oh, what a fraud. It is a great pity that the piano business is handled by an A.K.I.O.N. O. agent, and using another agent here to push along his nefarious business. If you can't sell your Boxes on their merits without offering the innocent people papers calling for \$50 and \$100—to apply on a piano. The piano business is becoming very low when Agents of this type are doing all they can to hoodwink the people.

A gentleman called at my store and told me that this same agent told him when he went there that it was his way to get trade. He had a certificate calling for \$100. This gentleman was too

wise to be trapped and told him he was a fraud of the first water.

Watch my window in a few days and you can see for yourselves these fraudulent letters and what they say and then judge for yourselves. I am only fighting a fraud as all other legitimate dealers are doing all over the United States.

INFANTILE PARALYSIS IN NEWARK

According to an official report filed by a surgeon of the public health and marine hospital service at Washington, there has been a most remarkable increase of infantile paralysis all over the world, especially throughout the United States. The disease, called poliomyelitis, has been made the subject of exhaustive study and it is more fully reported now and more cases are recognized than formerly but this does not account for the widespread of the contagion and the greater number of outbreaks. When the disease was first recognized in 1840 there were but few outbreaks known anywhere but the contagion has grown steadily up to date and within the last few years Newark and vicinity has had a number of cases.

The disease seems to have a season and at present there are but about six well developed cases here. However, in the early fall there was a much greater number.

The seriousness of the disease is not in its mortality which is only from 10 to 15 per cent, but in the permanent after effects, which leave almost all recovered victims cripples for life.

LOBSTERS

Can Be Grown for Seven Cents a Pair Is the Claim of Government Expert.

New York, Nov. 29.—When the shriek of the Hungarian orchestra resounds and the bright lights glare in the lobster palaces of the great White Way all was gloom today, for the word went round that the lobster as an edible was doomed to the fifty cent table d'hôte. The dire news came from the government lobster hatchery at Wickford, R. I., where Prof. A. D. Mead, the expert, declares he has discovered a way to grow lobsters for the market at seven cents a pair—seven cents a pair for the scarlet sea fruit that costs the chappy and the chorus girl \$1.50 per portion.

Sorrowing restaurateurs are already figuring that the lobster at 7 cents a pair won't be worth boiling or broiling and they are consigning it to the "Red Ink" places along with chicken hash and spaghetti.

FRECKLES

November the Month to Get Rid of These Ugly Spots.

Now that the Fall winds have brought their usual crop of freckles, the woman with tender skin finds her face covered with ugly blemishes and she fears that she has ruined her complexion.

Fortunately for her peace of mind the recent discovery of new drug, Othine—double strength makes it possible for even those most susceptible to freckles to have a skin clear and white. No matter how stubborn a case of freckles you have the double strength Othine will remove them. Get an ounce package from W. A. Erman & Son and banish the freckles.

Be sure to ask for the double strength Othine, as it is sold under guarantee of money back if it fails to remove the freckles.

WOMEN FINED \$5.00 AND COSTS

Two dark-skinned damsels who were making more than their share of noise and disturbance around the interurban station Tuesday forenoon, were escorted to the city prison. This is more money than was ever received from the state in any previous settlement.

CONVENTION OF SUNDAY SCHOOLS FALLSBURY TWP.

Rev. R. G. Bowden and Miss Clarice E. Carroll represented the Licking County Sunday School Association in the Fallsbury Township convention, Saturday, November 26.

Rev. P. E. Kemper of Perryton conducted the afternoon devotional service. Miss Carroll addressed the convention on the "Banner and Front Line Standards," and in the evening a corps of officers was elected with a view to making Fallsbury a "Front Line Township." Rev. Mr. Bowden conducted an unusually helpful and animated round table.

In the evening, Rev. Mr. Bowden addressed the convention on "The Sunday School as an Educational Factor." Mr. Bowden is intensely practical in all his work. He is a young man who does things and can tell other people how to do them.

Miss Carroll followed with an address on responsibility of every individual toward the Sunday school. Mr. Bowden and Miss Carroll are particularly anxious to enlist young people in the work of the Sunday school and a large audience of young people listened to the addresses.

Mention should be made of the faithful service of the retiring president, Mr. J. M. Martin. Mr. Martin has earned a furlough after his service of nine years as president of the association. Mrs. J. W. Little was elected to succeed him.

Saved An Iowa Man's Life.

The very grave seemed to yawn before Robert Madsen, of West Burlington, Iowa, when, after seven weeks in the hospital, four of the best physicians gave him up. Then was shown the marvelous curative power of Electric Bitters. For, after eight months of frightful suffering from liver trouble and yellow jaundice, getting no help from other remedies or doctors, five bottles of this matchless medicine completely cured him. It's positively guaranteed for stomach, liver or kidney troubles and never disappoints. Only 50c. at F. D. Hall's.

OBITUARY

GOLDIE B. STEVENS MITCHELL.
Goldie B. Stevens Mitchell was born in Franklin township, Licking county, Oct. 1, 1884; died Nov. 24, 1910, aged 26 years, 1 month and 24 days.

She was married July 23, 1904, to Elmer E. Mitchell of New Carlisle, O. To this union no children were born. She leaves, besides her husband, to mourn their loss, her father and mother, Mr. and Mrs. W. E. Stevens, one sister, Orrell G. Stevens, and a brother, Nyril Stevens, of the home, at 193 Maholm street, this city.

The deceased began teaching in the public schools of Licking county at the age of 16 years. For ten years up to the day of her death, she taught with marked success.

Goldie was a sweet spirited, obedient child, a loving, dutiful wife, a devoted, faithful teacher. No one knew her but to love her. She lived well and her influence abides.

MARY C. ALLBAUGH.
Mary C. Allbaugh, aged 61 years, died at her home near Vanatta Monday night at 7 o'clock, after an illness extending over a period of about ten months. Death resulted from a complication of diseases. The deceased is survived by a husband and two sisters, Mrs. Edison Pound and Mrs. John Prease.

The body will be taken to St. Louisville Wednesday afternoon, the cortege leaving the city at 12 o'clock, and funeral services will be held in the Lutheran church at St. Louisville at 1 o'clock, Rev. Mr. Davis officiating. Interment in the Evans cemetery.

FUNERAL OF MRS. HOSKINSON.
The funeral of Mrs. Hoskinson, wife of ex-County Commissioner Stephen Hoskinson, who died at her home a few miles southeast of Newark, on Sunday, was held Tuesday morning at 11 o'clock at the St. John's Lutheran church, five miles southeast of the city and was attended by a large concourse of relatives and friends. The services were conducted by the Rev. Mr. Bowden, and the interment was made in the adjoining cemetery.

WILL BRING SUIT AGAINST GAS COMPANY

City of Granville Up in Arms on Ac-
count of Attempts to Raise Price
of Natural Gas.

Granville, Nov. 29.—Decisive ac-
tion was taken at a meeting of the
town council Monday night regarding
the action of the Crawford Natural
Gas Company in raising the price of
gas in Granville. On June 2, 1908,
the Granville council passed an ordi-
nance fixing the maximum price to be
charged for gas in the village at 15
cents per 1000 feet. The gas com-
pany, however, since that time has
been furnishing gas at 10 cents per
1000 feet and the action of the com-
pany in doubling the price has called
for loud protests on the part of
the consumers, many of whom are in
very poor circumstances and can ill
afford to pay the increased rate at
this time. It was therefore up to the
council to take steps looking to the
enforcement of the ordinance, and
accordingly Mayor Barnes called a
meeting of the council for Monday
night.

When Clerk Judson Evans called
the roll of members at 7:15 o'clock,
all the members were found to be
present, with the exception of M. P.
Ashbrook, who was out of town. Mayor
Barnes occupied the chair and in
calling the council to order briefly
explained the object of the meeting.
The mayor said that he had consulted
a Newark attorney regarding the
matter and that he had advised that
council make application for an in-
junction to restrain the gas company
from collecting the increased rate
proposed to be charged for gas. Several
other gas companies are anxious
to lay their pipes in Granville and
furnish their gas to the people of
Granville. After the matter had been
discussed at some length, the follow-
ing resolution was adopted:

Whereas, The Crawford Natural
Gas and Fuel Company proposes to
charge for gas supplied to this vil-
lage and its inhabitants prices for
gas in excess of and contrary to the
prices fixed by ordinance passed by
council June 2, 1908, therefore be it
Resolved, That a suit be brought
in the name of the village of Gran-
ville against the company to prevent
the violation of said ordinance, and
the charging of prices contrary there-
to. And

Resolved, further, That the mayor
of the village employ A. A. Stasel,
an attorney-at-law, to bring suit in
the name of the village.

The resolution was adopted by the
following yeas and nays vote:

Yeas—Ferguson, Partridge, Jones
and Thomas.
Nays—Rusler.

Here is an item that will interest
the rural school teachers:

"During the closing days of the
last general assembly a law was passed
which is important to teachers in
the rural schools throughout the
state, but which has generally been
overlooked. It authorizes township
district boards of education to pay
teachers monthly upon presentation
to the clerk of the director of the
sub-district in which the teacher is
employed, stating that services have
been rendered and the salary is due.
All that is further required under the
new law is that the board shall pass
a resolution authorizing the clerk to
issue warrants for the payment of all
teachers' salaries within the
board's jurisdiction on the presenta-
tion of such certificate. This is a
sensible law. Teachers in our city
schools are paid every month. Why
should not teachers in the country
schools be likewise paid, instead of
waiting until the end of the term?"

In honor of her 81st birthday anni-
versary, Mrs. Elizabeth Belford of
Granville entertained a few of her
friends at luncheon Saturday. Dainty
chantecler place cards seated the
following ladies, eight of whom have
passed their eightieth milestones:
Mrs. Morgan Williams, Mrs. Granger,
Mrs. Lydia Green, Mrs. Emma K. Lit-
tle, Mrs. Walter Pritchard, Mrs. Geo.
T. Jones, Miss Ann Hughes of Gran-
ville, and Mrs. Ellen O'Bannon, Mrs.
Henry Montgomery and Mrs. Emmet
Patterson of Newark.

Word has been received here of the
death of Mrs. Little, widow of the
late Henry Little, which occurred at
her home in Abilene, Kan. The Lit-
tles formerly resided in Granville and
were well known through all this sec-
tion. Mr. Little died in 1907, and
was buried in Maple Grove cemetery.
The remains of Mrs. Little will ar-
rive in Newark over the Panhandle
railroad about 9 o'clock on Wednes-
day night, and will be brought to
Granville. The interment will be
made in Maple Grove cemetery.

"For several years an effort has
been made to lessen the extra pres-

shops," says Margaret E. Sangster in
the Woman's Home Companion for
December. "On those who deliver

in the express offices the country
through. Never have I seen young
women so tired, haggard and dragged
out as are those who serve the public
in the weeks preceding Christmas.
The hours at that time are much
longer than usual, and the endeavor
is to meet the demands of anxious
and hurried customers who do not
know what they want, and are be-
wildered amid the variety of tempt-
ing articles displayed."

"Physically and mentally, the
clerks, messengers, cashiers and ev-
ery one concerned in mercantile pur-
suits in the holiday shopping season
are worn to shreds. Much of their
fatigue might be prevented were buy-
ers considerate, and if the caution
come too late for this year, will not

AN ADIRONDACK CAMP OF FORMER NEWARK CITIZEN

As a feature in the Sunday Enquirer
appeared a half page devoted to "A
Millionaire's Camp in the Adirondacks,"
with many cuts of the interior and ex-
terior of a beautiful bungalow, which
somewhat more resembled a mansion
than a simple mountain camp. The
writer takes for the illustration, the
camp of Archibald White on Osgood
Point. Mr. White is a native of New-
ark and his early boyhood was spent
here.

The story is introduced by a reference
to the hunting in the Adirondacks
and with some hints of probable
discomforts of camp life when houses
in a bungalow resembling the Waldorf
Astoria hotel filled with \$50,000 worth
of paintings, with a floor covering of
a Persian rug worth \$4,000, a corps of
chefs and trained servants, several au-
tomobiles and motor boats innum-
erable. The whole camp is electrically
lighted, artificially heated and the
writer tells one if they want to find
a real-for-sure paradise on earth to
visit the camp of Mr. Archibald White.

A full description of the camp fol-
lows and complete views of many of
the prettiest and loveliest portions of the
"cottage" are shown.

The concluding paragraph says that
if you want to see the most beautiful
spot in all the beautiful Adirondacks,
gaze in upon White Pine Camp.

Railroad Lands in Sunny South

TIRED OF FIGHTING THE WEATHER?

Don't you want to get away from bliz-
zards and droughts? Come to Vinegar
Bend, Alabama, where pleasant year-round
weather enables a man to live a rational life;
where there is neither freezing winter cold
nor blazing summer heat to make life one
long struggle with the uncertainties of cli-
mate. We have here most delightful cli-
mate, pure water, no irrigation, only 40
miles from the Gulf and 300 feet above it.
Elevation means health.

Land within walking distance of Vine-
gar Bend, Ala., a new industrial city, not a
town on paper—but an up-to-date, live,
reality, with manufacturing plants, dai'y
sending forth smoke and steam, and em-
ploying hundreds of men. The only place
between Mobile, Ala., and Meridian, Miss.,
a distance of 135 miles, lighted by electricity.

No wilderness—seven mails every day—
R. F. D. to your home daily. Good school
system, churches, good neighbors, good
local markets, best railroad facilities, build-
ing material at cost, fine grazing and dairy
country, good for poultry, bees, Sumatra
tobacco; Satsuma oranges, figs, vegetables,
general farming and live stock. Three
crops a year, work outdoors the year 'round;
no malaria; no yellow fever; no sunstrokes;
no heat prostrations; no better fruit and
truck land in the United States. A normal
full bearing acre of this land can be made to
produce an average profit of \$300 per year.

WHY DON'T YOU stop trying to
win out against the terrible odds of the city
and take up the profitable business of a
truck grower? No great capital required.
Ten acres of this land—the size of 4 city
blocks—can be bought for \$200, ten dollars
down and \$5.00 per month, less than 17 cents
a day, and remember every day you set aside
these few pennies is a step toward independ-
ence. Isn't this worth considering?

Mr. Frank Salrin and his brother, A.
W. Salrin, from your city (Newark, O.) will
be glad to tell you personally about the op-
portunities here. Both of these gentlemen
spent several days here. They bought
some of this land after a thorough investiga-
tion. You can meet them at the store of Ed.
Doe, No. 7 North Third street. There you
will also see some of the fruits and vegeta-
bles grown on these lands.

**WILL BRING
SUIT AGAINST
GAS COMPANY**

City of Granville Up in Arms on Ac-
count of Attempt to Raise Price
of Natural Gas.

Granville, Nov. 29.—Decisive ac-
tion was taken at a meeting of the
town council Monday night regarding
the action of the Crawford Natural
Gas Company in raising the price of
gas in Granville. On June 2, 1908,
the Granville council passed an ordi-
nance fixing the maximum price to be
charged for gas in the village at 15
cents per 1000 feet. The gas com-
pany, however, since that time has
been furnishing gas at 10 cents per
1000 feet and the action of the com-
pany in doubling the price has called
for loud protests on the part of the
consumers, many of whom are in
very poor circumstances and can ill
afford to pay the increased rate at
this time. It was therefore up to the
council to take steps looking to the
enforcement of the ordinance, and
accordingly Mayor Barnes called a
meeting of the council for Monday
night.

When Clerk Judson Evans called
the roll of members at 7:15 o'clock,
all the members were found to be
present, with the exception of M. P.
Ashbrook, who was out of town. Mayor
Barnes occupied the chair and in
calling the council to order briefly
explained the object of the meeting.
The mayor said that he had consult-
ed a Newark attorney regarding the
matter and that he had advised that
council make application for an in-
junction to restrain the gas company
from collecting the increased rate
proposed to be charged for gas. Several
other gas companies are anxious
to lay their pipes in Granville and
furnish their gas to the people of
Granville. After the matter had been
discussed at some length, the follow-
ing resolution was adopted:

Whereas, The Crawford Natural
Gas and Fuel Company proposes to
charge for gas supplied to this vil-
lage and its inhabitants prices for
gas in excess of and contrary to the
prices fixed by ordinance passed by
council June 2, 1908, therefore be it
Resolved, That a suit be brought
in the name of the village of Gran-
ville against the company to prevent
the violation of said ordinance, and
the charging of prices contrary thereto.
And

Resolved, further, That the mayor
of the village employ A. A. Stasel,
an attorney-at-law, to bring suit in
the name of the village.
The resolution was adopted by the
following yeas and nays vote:
Yeas—Ferguson, Partridge, Jones
and Thomas.
Nays—Rusler.

Here is an item that will interest
the rural school teachers:
"During the closing days of the
last general assembly a law was passed
which is important to teachers in
the rural schools throughout the
state, but which has generally been
overlooked. It authorizes township
district boards of education to pay
teachers monthly upon presentation
to the clerk of the director of the
sub-district in which the teacher is
employed, stating that services have
been rendered and the salary is due.
All that is further required under the
new law is that the board shall pass
a resolution authorizing the clerk to
issue warrants for the payment of all
teachers' salaries within the juris-
diction of such certificate. This is a
sensible law. Teachers in our city
schools are paid every month. Why
should not teachers in the country
schools be likewise paid, instead of
waiting until the end of the term?"

In honor of her 81st birthday anni-
versary, Mrs. Elizabeth Belford of
Granville entertained a few of her
friends at luncheon Saturday. Dainty
chautauque place cards seated the
following ladies, eight of whom have
passed their eightieth milestones:
Mrs. Morgan Williams, Mrs. Granger,
Mrs. Lydia Green, Mrs. Emma K. Lit-
tle, Mrs. Walter Fritchard, Mrs. Geo.
T. Jones, Miss Ann Hughes of Gran-
ville, and Mrs. Ellen O'Bannon, Mrs.
Henry Montgomery and Mrs. Emmet
Patterson of Newark.

Word has been received here of the
death of Mrs. Little, widow of the
late Henry Little, which occurred at
her home in Abilene, Kan. The Lit-
tles formerly resided in Granville and
were well known through all this sec-
tion. Mr. Little died in 1907, and
was buried in Maple Grove cemetery.
The remains of Mrs. Little will ar-
rive in Newark over the Panhandle
railroad about 9 o'clock on Wednes-
day night, and will be brought to
Granville. The interment will be
made in Maple Grove cemetery.

**A PLEA FOR CHRISTMAS
THOUGHTFULNESS.**

SHOP EARLY.

"For several years an effort has
been made to lessen the extra pres-
sure of work which during the holi-
day season falls on the salespeople in
shops," says Margaret E. Sangster in
the Woman's Home Companion for
December. "On those who deliver
goods, on the postoffice employees and
in the express offices the country
throughout. Never have I seen young
women so tired, haggard and dragged
out as are those who serve the public
in the weeks preceding Christmas.
The hours at that time are much
longer than usual, and the endeavor
is to meet the demands of anxious
and hurried customers who do not
know what they want, and are be-
wildered amid the variety of tempt-
ing articles displayed.

"Physically and mentally, the
clerks, messengers, cashiers and ev-
ery one concerned in mercantile pur-
suits in the holiday shopping season
are worn to shreds. Much of their
fatigue might be presented were busi-
ness considerate, and if the caution
come too late for this year, will not
those who need it make a note for
another season? Books and packages
sent by mail and gifts transmitted by
express as well as the vast bulk of
Christmas correspondence should
stretch over December, instead of be-
ing congested in the two or three
days before Christmas."

One way to keep a book is to try
to get rid of her.

**AN ADIRONDACK
CAMP OF FORMER
NEWARK CITIZEN**

As a feature in the Sunday Enquirer
appeared a half page devoted to "A
Millionaire Camp in the Adirondacks"
with many cuts of the interior and ex-
terior of a beautiful "bungalow," which
somewhat more resembled a mansion
than a simple mountain camp. The
writer takes for the illustration, the
camp of Archibald White on Osgood
Point. Mr. White is a native of New-
ark and his early boyhood was spent
here.

The story is introduced by a refer-
ence to the hunting in the Adirondacks
and with some hints tells of probable
discomforts of camp life when houses
in a bungalow resembling the Waldorf
Astoria hotel filled with \$60,000 worth
of paintings, with a floor covering of
a Persian rug worth \$1,000, a corps of
chiefs and trained servants, several au-
tomobiles and motor boats immov-
able. The whole camp is electrically
lighted, artificially heated and the
writer tells one if they want to find
a real-forever paradise on earth to
visit the camp of Mr. Archibald White.

A full description of the camp fol-
lows and complete views of many of
the prettiest and choicest portions of the
"cottage" are shown.

The concluding paragraph says that
if you want to see the most beautiful
spot in all the beautiful Adirondacks,
gaze in upon White Pine Camp.

Fortune Telling

Does not take into consideration the one essential to woman's happiness—womanly health.

The woman who neglects her health is neglecting the very foundation of all good fortune. For without health she loses its lustre and gold is but dross.

Womanly health when lost or impaired may generally be regained by the use of Dr. Pierce's Favorite Prescription.

This Prescription has, for over 30 years, been curing delicate, weak, pain-wracked women, by the hundreds of thousands and this too in the privacy of their homes without their having to submit to indelicate examinations and offensively repugnant examinations.

Sick women are invited to consult Dr. Pierce by letter free. All correspondence held as sacredly confidential. Address World's Dispensary Medical Association, R. V. Pierce, M. D., President, Buffalo, N. Y.

Dr. Pierce's GREAT FAMILY DOCTOR BOOK, The People's Common Sense Medical Adviser, newly revised up-to-date edition—1000 pages, answers in plain English hosts of delicate questions which every woman, single or married, ought to know about. Sent free, in plain wrapper to any address on receipt of 21 one-cent stamps to cover mailing only, or in cloth binding for 31 stamps.

INDIGESTION GOES.

Evans' Drug Store Sells Best Prescription on the Money Back Plan.

Almost everybody knows that sick headache, nervousness and dizziness are caused by a disordered stomach. Upset stomach and indigestion happen just because the food you eat does not digest—but lies in the stomach and ferments or turns sour.

You can stop fermentation and stomach distress in five minutes by using MI-O-NA stomach tablets—a prescription that has done more to cure indigestion and put the stomach in the condition than all the special diets on earth.

A large 50 cents box of MI-O-NA stomach tablets is all you need to get quick and lasting relief. Evans' drug store guarantees them.

Mrs. Albie Etson of 93 Dun Road, Battle Creek, Mich., used MI-O-NA and within two months was in as good health as ever, and has a good strong stomach and eats anything she likes. She attributes her good health to MI-O-NA.

If you have heartburn, belching of gas, heaviness or any stomach trouble, no matter how chronic, try MI-O-NA stomach tablets on money back plan. Sold by Evans' drug store and leading druggists everywhere.

Shall Women Vote.

If they did, millions would vote Dr. King's New Life Pills the true remedy for women. For banishing dull, fagged feelings, backache or headache, constipation, dispelling colds, imparting appetite and toning up the system, they're unequaled. Ask, safe, sure. 25c at F. D. Hall's.

FELLOW WORKMEN PAID COMPLIMENT BY NORMAN MEAD

Norman Mead, an employee of the American Bottle company, enjoyed the celebration of his 71st birthday anniversary last Friday. Mr. Mead, who is extremely popular with the employees of that part of the plant known as the "Big Green" department, received a clock collection of good wishes. The compliment was greatly pleased with the compliment paid him and in response Mr. Mead says that in his experience in many shops and factories he has never met a more congenial and gentlemanly gathering of workmen. Mr. Mead came here from his former home two and a half miles east of St. Louisville in order that he might attend the meetings of Lamert Post No. 71, G. A. R.

In talking to an Advocate reporter regarding his birthday celebration, Mr. Mead said:

"I took a notion to come to Newark so I could attend the local Grand Army post. Then I went to work in the factory of the American Bottle works. I never was in a glass house before. I went to work in what is known as the 'Big Green' department. I found the glassblowers and their wives a perfect lot of gentlemen. There are about 100 men in that department, and the foreman, Mr. Thomas Lamb, I find to be a perfect gentleman, but he expects every man to do his duty. Also, Mr. Stankie, whom I launched to meet there, I found to be a most kind and obliging man."

"I am 71 years of age and I have worked in a great many factories, but I have never found a better lot of men than there are in the 'Big Green' department of the American Bottle company."

When some men are said to be as tough as the dogs, we can't help thinking it's pretty tough on the dogs.

NO DYSPEPSIA STOMACH GAS OR HEARTBURN

Every year regularly more than a million stomach sufferers in the United States, England, and Canada take Pape's Diapiesin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't sit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your Pharmacist a 50-cent case of Pape's Diapiesin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapiesin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disorder.

Owing to the inclement weather but few were present at the Sunday services at Bethel.

Rev. Duckworth's next regular appointment will be Dec. 11.

POLICE COURT.

One drunk who was fined \$5 and costs made up the whole of police court doings Tuesday morning.

"Newark's finest" are receiving many compliments since their appearance Tuesday morning in their new uniform overcoats. The entire police force has been fitted out in the new overcoats of official blue. The coats are of extra full skirt, amply trimmed in bright brass buttons, and the nobby effect would do credit to the select traffic squad of any metropolis. The officers are all justly proud of the comfortable new outfits.

"Knocked Daylights Out of Rheumatism"

New Rheumatism Remedy is Antidote for Uric Acid.

"By thunder, I got a whole case—a dozen bottles of the 'Fuss' Rheumatism Cure, determined to get cured of my 3-year case of build-up inflammatory rheumatism. I didn't need the dozen, but I got it. I took one bottle and knocked my daylights right out of it and cured me completely. The other nine bottles I gave to rheumatic friends, and they are hopping around pretty lively now, same as I am. Fuss is a wonder."

There are hundreds of similar reports of this amazing remedy, the only known antidote to uric acid. Furthermore, it is as safe as food, containing no chloral, opium, morphine, cocaine, alcohol, ether, or other form of stimulant or narcotic; not a drop of poison.

"Fuss" gives immediate relief, and destroys uric acid in the blood which causes rheumatism, gout, lumbago and kidney trouble.

Don't hesitate, but get "Fuss" and stop the agony right off and get cured.

"Fuss" Rheumatism Cure sold at \$1.00 a bottle in Newark by J. W. Collins & Son, 15 W. Smith, T. J. Evans and Erman & Son, and by all leading druggists, or will be sent prepaid on receipt of \$1.00 or 6 bottles for \$5.00, by the Fuss Remedy Co., Flint, Mich.

It will be welcome news to dyspeptics to learn of a remedy that, in the opinion of thousands, is an absolute cure for indigestion and all forms of stomach trouble, and, better still, it is guaranteed to do so. The remedy is Dr. Caldwell's Syrup Pepsin.

We all know the value of pure pepsin in indigestion, and add to this some exceptional laxative ingredients and you have a truly wonderful remedy. Mr. T. W. Worth of Forsyth, Ga., got to the point where he could not even eat or digest vegetables and after many years of seeking he found the cure in Dr. Caldwell's Syrup Pepsin. Mr. Rudy Kasper of Moline, Ill., was in the same bad predicament with his stomach, took Syrup Pepsin and is now cured. Hundreds of others would gladly testify.

It is a guaranteed cure for indigestion, constipation, biliousness, headache, gas on the stomach and similar complaints. A bottle can be had at any drug store for fifty cents or a dollar, but if you wish to make a test of it first send your address to Dr. Caldwell and he will supply a free sample bottle, sent direct to your address. You will soon admit that you have found something to replace salts, cathartics, breath perfumes and other temporary reliefs. Syrup Pepsin will cure you permanently.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him: Dr. R. Caldwell, 541 Caldwell building, Monticello, Ill.

PUBLIC DANGER

You Cannot Afford to Miss Reading This.

We believe it our duty to inform the public that the majority of fatal cases of pneumonia are caused by the patient taking for a cold some so-called cough cure which depends upon poisonous drugs for its effect.

These drugs deaden the nerves and stop secretion along the breathing tract—that causes pneumonia.

Father John's Medicine cures colds and throat and lung trouble without the use of poisonous drugs. It is not a patent medicine nor cough syrup, but a body builder—an eminent specialist prescribed it for the Rev. Fr. John O'Brien of Lowell, Mass., fifty years ago.

TO RUSH THE XMAS MAIL

Washington, Nov. 29.—Special arrangements have been made by Postmaster General Hitchcock for the rapid transmission of mail intended for delivery abroad by Christmas day. According to an announcement made, the steamer Philadelphia, originally scheduled to sail from New York for Plymouth, Cherbourg, and Southampton, Eng., at 1 a. m. Saturday, Dec. 17, will leave New York at the same time the preceding day. Likewise the Mauretania, scheduled to depart on Dec. 21 now, will sail at 6 p. m. Saturday, Dec. 17.

This will make it necessary for persons in any part of the United States to mail their letters or packages for the United Kingdom and other parts of Europe early enough for them to reach New York on Friday, Dec. 16, or Saturday, Dec. 17. Such mail, it is expected, will be landed in time for delivery in Great Britain and Ireland as well as in most of the continental countries by Christmas day.

WILL LOCATE IN WEST AFTER FIRST OF YEAR

Mr. and Mrs. William C. Rice are making preparations to leave Newark between January 1 to 15 to take up their residence in the west.

Mr. Rice is the local representative of the Morris Packing company and the company has recently purchased 1,250,000 acres of land in the northern part of old Mexico and in Texas. An immense cattle ranch will be located in old Mexico and the animals will be taken into the Texas territory where a new packing house will be established. Three new districts have been added to the already mammoth Morris concern and these are Calgary, in Alberta, Mexico, Oklahoma City and Morris, Texas, the latter being named after the head of the concern, and is about twelve miles south of El Paso.

Mr. Rice does not know where he will be located at present but expects to receive definite instructions the first of the year. Mr. Rice has made hosts of friends here with the trade and his transfer will be learned of with regret, but the company will transfer hundreds of its representatives in the east and north to the western territory.

SOLDIERS' CLAIMS GRANTED LAST YEAR

Columbus, Nov. 29.—According to the annual report filed by Colonel W. A. Taylor, State Commissioner of Soldiers' Claims, during the year there were a total of 1,278 claims filed and 951 granted. The claims granted total \$190,235.16. This department takes charge of claims of soldiers of the several wars against the government, mostly for pensions, and under the law no charge is made the claimant.
